Although the bulk of the activities are scheduled for Sunday the 14th, there is much to enjoy the whole weekend. Eleven people participated Sunday, July 31, 2022 in the **Springwater Trail's** hike at **High Tor Wildlife Management Area near Naples** planned by Melissa. The view from the lookout was worth the whole hike from the parking area at the Bassett Road entrance. The **next hike on August 7** will follow a section of the main path of the **Finger Lakes Trail in Urbana**, just south of Hammondsport. It's a short easy hike, just 2.6 miles, and it follows the rim of a deep gully cut by the **Mitchellville Creek**. This section slopes gently downhill from north to south with just a few short steep sections. The northern two thirds passes through a dense hemlock woods, and the path is a soft bed of hemlock needles; there are views of the deep gully along the way. More details can be found on the Springwater Trails website or ask a regular hiker.
